DETAILED ACTION

As per applicant's request filed on 7/20/05, claims 3-5, 21-24, 48-57 and 60 have been canceled and claims 1, 20 and 39 have been amended.

Allowable Subject Matter

Claims 1, 2, 6-20 and 25-47 and 58-59 (renumbered 1-42) are allowed.

The following is an examiner's statement of reasons for allowance:

The cited prior art taken alone or in combination does not fairly suggest the claimed invention of developing enterprise application by using design pattern and object integrations. Specifically, claims 1, 20 and 39 are directed to providing design pattern of different types with detailed description in design issues and matching design pattern based on input received and how pattern are used to form components and their role which provides grouping for a particular design pattern from which member is to be selected for design. Therefore, it improves the software development process by incorporating uniformity in the development process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
